Be the Voice that stops Bullying!

Over 13 million kids will be bullied this year, making it the most common form of violence experienced by young people in the nation. Bullying stops in less than 10 seconds when someone intervenes on behalf of the victim. 90% of children DO NOT like seeing someone bullied, yet less than 20% try to stop it ...because they don't know what to do. Our program helps students find their VOICE and speak up in situations that involve bullying.
