ABC's of Rotary RI World Headquarters

The headquarters of Rotary International always has been in the area of Chicago, Illinois, U.5.A. First it was in Chicago itself, but in 1954 an attractive new building opened in suburban Evanston. The Ridge Avenue building met the needs of the Rotary Secretariat until the 1980s when the addition of new programs, the growth of The Rotary Foundation, and the new Polio Plus activities made the headquarters building extremely crowded and required some staff members to be housed in supplementary office space nearby. When a modern 18-story office building became available in downtown Evanston in 1987, it appeared to meet all of Rotary's space and expansion needs for years to come. The glass and steel structure, built in 1977, provides 400,000 square feet (37,160 square meters) of office and usable space. The building was purchased by Rotary International, which leases approximately that this of the space to compare the transfer built in the part of the space of the space to t approximately two-thirds of the space to commercial tenants, until needed by future Rotary growth. The building provides a 190-seat auditorium, large parking garage and 300-seat cafeteria, as well as functional office space for the 400 employees of the World Headquarters. The executive suite on the 18th floor includes conference rooms for the RI board and committee meetings, in addition to the offices for the RI president, president-elect, chairman of The Rotary Foundation Trustees, and general secretary. One Rotary Centre, as it is called, enhances the efficient operations of Rotary International.
