LEADERSHIP

President	John Neill
President-Elect	Nancy Schroeder

specializing in enterprise risk management and business due diligence. Prior to co-founding the firm, Mr. Pak served in the FBI for over 23 years and retired in 2019. He is a recognized expert in complex investigations, intelligence/data collection, and risk management.

Treasurer	Zac Boswell
Secretary	Scott Einfeldt
Public Image	Todd Lawrimore

Mr. Pak has served in a number of roles in the FBI as a Special Agent. For the first eight years of his career, he investigated organized crime matters as both a case agent and an undercover agent. In this capacity, he successfully indicted multiple enterprises utilizing the enterprise method of investigation and RICO statutes. He then served his next two years as a Supervisory Special Agent at FBI Headquarters in the Organized Crime Section focused on LCN and Italian Organized Crime matters and managed the most high-profile organized crime investigations throughout the country.

As an operational leader, Mr. Pak was responsible for the oversight of a regional undercover program based out of Miami. He provided oversight and leadership of the most sensitive undercover operations throughout the country, utilizing sophisticated techniques, assets, and resources around the globe. He formed critical relationships with partners internationally with his team to successfully advance investigations and recover assets. Years later, he established the first International Counterterrorism/Counterintelligence hybrid squad focused solely on a specific state-sponsored terrorist country. His work in this field is still classified.

In 2011, Mr. Pak was appointed by the FBI Director to serve as the FBI Senior Liaison Officer to the Department of Homeland Security. There, he managed an FBI staff dedicated to promoting and sharing intelligence between the two agencies and worked very closely with Secretary Janet Napolitano and her executive staff. This was a critical role in ensuring collaboration and coordination of efforts at the highest levels of both agencies.

As the Assistant Special Agent in Charge of the Atlanta division, he has had oversight of the Intelligence Program, the Counterterrorism Program, and the Operational Support programs that encompass all specialty squads that work behind the scenes. He also served as the Chief Compliance Officer for the Atlanta division.

Mr. Pak graduated with a BA in political science from the University of North Florida and with an MBA from Michigan State University. He also received his Executive Certification of Chief Risk Officer

from Carnegie Mellon University in 2018.

Please join us at 12:15 Monday afternoon and give Mr. Pak a warm Rotary welcome.

Senator Kay Kirkpatrick, MD spoke to the Rotary Club of Sandy Springs

On Monday July 20th Senator Kay Kirkpatrick was welcomed to the podium by the Rotary Club of Sandy Springs. Senator Kirkpatrick started her presentation by noting that this year session set a new record for being the longest in Georgia's history. The cause of the extended (two part) session was due to the COVID-19 pandemic. She herself was infected by the virus and has thankfully recovered well. She is a volunteer plasma donor now since she potentially carries helpful antibodies. Her plan is to continue as long as those COVID-19 antibodies are valid. We salute your continued efforts to help those in need.

The senator went on to reassure the club that even though Washington DC is a heated partisan boiling pot, that the state government looks much different. "At the state level, it is much more functional than it is in Washington." We are all much more collegial than many may think. "We do team-up in a by-partisan way on many, many things." Though, she notes, it is not totally without some drama. Changing the subject quickly after that last statement, Senator Kirkpatrick went on to talk about a number of bills that are in various stages of being passed and two constitutional amendments. Among the bill she spoke about are: The Market place facilitator bill which was passed. The Cares Act - federal money to help education and small business Heroes Act - helped health care facilities and providers dealing with COVID-19 Save our sandwiches bill - was shut down, but she helped to reopen it. Domestic violence bill - clearly defining the word aggressor to help officers at the scene. Holocaust Museum - a \$45,000 provision An Early prescription refills - allows for those with long term illnesses to make less trips to the pharmacy Hate Crimes Bill - we were one of 4 states that didn't have one, but not anymore Elder abuse in long term care facilities Vaping - puts vaping into the same tax structure of cigarettes and raises the age limit. Liability protection bill - raises the standard for a lawsuit for businesses. 23 health care bills - to prevent surprise billing. (like when you're in-network, but somehow an out-of-network doctor provides treatment. PBM - pharmacy benefit managers. To bring transparency to the industry. You can go to any pharmacy you like.
