Club of Alpharetta

## MESSAGE FROM OUR PRESIDENT

There is plenty of great news to share for Alpharetta Rotary. Last week Saturday, we had our Day of Service where we hosted two service projects. The project's included Wills Park where our fellow Rotarians, family, and friends gathered to help clean up along Old Milton Avenue and the stream banks within the park. Other Rotary Clubs in the area completed other service projects throughout the North Fulton Area.

Have a great week and please let me know if you have any questions or need more information about the upcoming events. Also, please let me know if you have any ideas for service or fellowship projects.

Sincerely,

Jason Binder  
Club President
