## NEWS FROM RI

### **Check out Rotary.org's modern, new look**

Rotary.org, our public-facing website, has a fresh, contemporary look that clearly answers the often-asked question: "What is Rotary?" It's the first step in a two-part update to our entire website: first Rotary.org, and then My Rotary.

For many people, our website is their introduction to the great work that Rotary members do to improve lives around the world. It's meant to create an emotional connection that inspires potential members, donors, and partners to get involved. The latest changes to the public site do that, and more.

Some of the updates will be obvious: a modern design, increased use of imagery and graphics to tell our stories, and better organization of content to help readers find out who we are and what we're doing. Other changes, like the improved readability and speed of the site, will be a welcome surprise.

These upgrades are made possible partly by the dues increase the 2016 Council on Legislation passed to allow Rotary to provide additional support to clubs and districts. As part of our work to refresh My Rotary, we'll also update Rotary Club Central and the Club and District Administration pages — more information about these improvements will arrive in the coming months.

Visit [www.rotary.org](http://www.rotary.org) to see all the enhancements to our public

Last week I went to Minute Man Press, owner & operated by our own Rick Barnes and saw this fantastic sign in front of his building. Thank you for the sign and your service.
