If God wanted us to vote, he would have given us candidates that we could vote for.

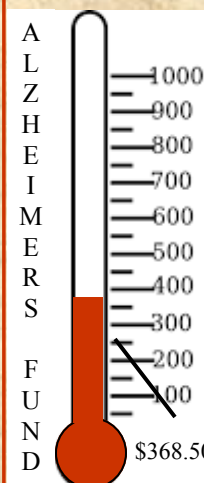

We hang the petty thieves and appoint the great ones to public office.

Why pay money to have your family tree traced; go into politics and your opponents will do it for you.

Politicians are people who, when they see light at the end of the tunnel, go out and buy some more tunnel.

A politician is a fellow who will lay down your life for his country.

If you want a real friend that you can trust in Washington, get a dog.
