

Global Grant Total	\$30,000			
From Rotary Club Luque	-\$1,500			
Remainder to be Covered	\$28,500			
DDF (District Designated Funds)	\$15,834	----->	Vinings Cumberland Rotary Club gives half of the DDF ---	\$7,917 This is considered 'New' money
From World Fund (80% match on DDF)	\$12,666			
Remainder to be Covered	\$0			\$3,761 this amount, 47.5% is returned to District 6900 in 3 years

Additional Consideration:

For a club in District 6900 the District requires the sum of the 4 year Annual Fund - Share giving average (3 years if there is an outlier/anomaly year) AND the new/additional money (or 50% of the approved DDF).

Average of last 4 years for Vinings Cumberland Rotary Club--->	\$11,772			
2024	\$10,888			
2023	\$12,400			
2022	\$13,200			
2021	\$10,600			

Note: We used all 4 previous years in our average since there were not extreme outliers.

Conclusion:

Therefore, at the end of Rotary Year 2025, June 30th, Total Annual Fund - SHARE Giving for the club must be at least \$11,772 + \$7,917 = \$19,689

*Special Note: All contributions to the Annual Fund - SHARE from all the clubs in D6900 are all tallied each year. Three years later, 47.5% of that amount is returned to the District. (It used to be 50% until the last year or so). This money is what the District Foundation Committee administers. The 2 biggest uses of these funds are District Grants and DDF for Global Grants. For prospective D6900 gives +/- \$1mm annually, so the District typically has +/- \$450,000 to work with. The \$7,917 must be go to the Rotary Annual Fund -Share since in 3 years Rotary International will send 47.5%, \$3,761, back to District 6900. For this reason District 6900 must approve and will track the amount the club contributes for the Global Grant. If we were to send the money, \$7,917, to RI specifically for the global grant, it would not follow this matching process of the Annual Fund -Share. The \$1,500 contribution from the Paraguay Rotary club is not a significant factor for District 6900 to track since it will not go to the Annual Fund - Share, however that amount must be paid before the Rotary Foundation will release the total \$30,000 for the project.
