Long-time resident of Tucker and business owner Doug Dorough of Dorough Landscaping Company has been creating award winning landscapes since 1967. His visit was very timely as it is the perfect time to be fertilizing your lawn and shrubs. Doug shared what is the main focus of landscape architecture is and that is to accentuate your home. His work has been doing that for almost 50 years and the yard transformations he displayed were wonderful. You got to love spring time in Atlanta.
