Rotary After Hours lands thief in the Jail house.

Our Rotary club went to the Jail House Brewing Co. in Hampton on 11/16 and got more than we bargained for. During the tour a perpetrator thought he would lift a members wallet/phone. But do to the quick thinking of our very own Steve Moore the criminal was caught in less than 10 minutes. The police were able to find the thief running down the road and arrested him. The Rotary members then went on a search using phone flashlights to find the stolen items, in which they did. All is well and the thief confessed. Make sure you save the date for our next event, it is sure to be eventful!!!

December is Disease Prevention and Treatment month.

Rotary makes amazing things happen, like:

Providing clean water: Rotary has worked with partners to provide more than 80 percent of Ghana's people with clean water to fight Guinea worm disease.

Reducing HIV infection: In Liberia, Rotary members are helping women get tested for HIV early in their pregnancies. They used prenatal care to reduce new HIV infections in children by 95 percent over two years.

Ending polio: Rotary members have played a key role in bringing the world to the brink of polio eradication. Their efforts have not only ended polio in 122 countries but also created a system for tackling myriad other health priorities, such as Ebola.

There has been a 99.9% reduction in polio cases since 1985
